

Mind maps

Template M4

Read through the terms on the topic of relationships in the image below. Then create your own mind maps (associations) on various terms related to this topic (e.g. family, love, friendship, conflicts, etc.). Write the main ideas into grey circles and the associated ideas into the blue circles close to the respective grey circle. Then link all the circles associated with each other by drawing lines between them. Keep in mind that there is no right or wrong in this exercise.

Example

Mind maps

Template M4

First fills in all circles and inserts the connections. Then tell each other stories about things you have experienced related to one of the terms and discuss similarities and differences between your mind maps.
