

Ladder of participation

Template M10

9. Autonomy

Young people have complete freedom of choice. Adults are only informed.

8. Young people and adults share decision-making

Initiative and implementation lie with the young people. The adults help.

7. Young people lead and initiate action

The idea comes from the adults, the decisions are made together with the young people.

6. Adult-initiated, shared decisions with young people

Young people contribute ideas and criticism, the adults decide on the planning and implementation.

5. Consulted and informed

Young people are informed about the process and the results and understand what is to be achieved.

4. Assigned but informed

Young people can have a say in small areas beyond participation.

3. Tokenism

Young people participate without any influence on events and only seem to have a voice.

2. Decoration

Young people are used as decoration, but are not involved in decisions.

1. Manipulation

Young people are guided from outside.
